The residents of such regions should, therefore, not omit the earliest opportunity for a supply. Plant large quantities of strawberries for early summer—they will bear abundantly a year from the time they become established. We invite the attention of all who wish to purchase machines this season to our splendid line, and we feel assured that no one who buys one of ours will ever regret it, but will feel that he has got more than his money's worth.

Our Hervester, though equal, if not superior, to any in the market last season, has been greatly improved for the coming harvest in many essential points; so that we can safely recommend it as standing alpone, in the front rank of machines of this kind, and very far in advance of all competitors.
